Zebra 309 S+, SR+, SRC+ Coin Counter

Table-top coin counting and sorting machines

A unique line of table-top machines

Pelican 309+ is a coin counting and sorting machine for sorting of up to 9 denominations and rejection of foreign coins, counterfeit coins, tokens etc. Ideal in the Euro zone and approved by ECB. Zebra models 309 have a bigger capacity and integrated inspection tray with cleaning system to ensure the best handling of the coins.

A reliable coin counting machine

CTcoin's 5th generation alloy sensor technology ensures highest counting accuracy and rejects foreign coins, counterfeit coins, tokens etc. The Zebra 309 is available in 3 different models.

Improved features in the next generation :

- Coin feeder for large quantities of coins
- Large inspection tray with cleaning system
- Improved reject of foreign coins, tokens etc.

Pelican 309 S+ offers all the well-known CTcoin advantages:

- Counts up to 1100 coins/minute
- Counting of up to 20 different coin denominations
- Rejection of foreign coins, counterfeit coins, tokens etc.
- 2 different coin denominations can be shown in the two line display
- Tilt sensor for easy cleaning of coin rail
- Programmable bag stop (by number or weight)
- Battery back-up
- Coin tubing and bagging programme
- Programmable fee system
